

SOCIAL POLICY

OUR VISION

To build enduring and mutually beneficial relationships with our neighbouring communities.

OUR APPROACH

- We treat people with **decency and respect**.
- We strive to provide a healthy and safe workplace where our people can **develop to the full extent of their abilities**.
- We respect and value **shareholder contributed funds** that enable our social activities.
- Our **employees participate** in the Company's community relations endeavours.
- We strive to build relationships with our stakeholders through **fostering participation, mutual respect** and **long term commitment**.
- We consult with the respective stakeholders to enable our **social responsibility activities to align with community priorities**.
- We **consult and communicate** regularly on our activities with our stakeholders.
- We are **proud** to support **realistic climate change solutions** through enabling nuclear energy as a clean, base load power source alongside renewable energy.
- We support **best practices and responsible behaviour** throughout the nuclear fuel cycle.

OUR COMMITMENT

To collectively strive to create a sustainable benefit from our business activities.
